RETRACEMENT OF THE SOUTH BOUNDARY OF SECTION 32, ALONG THE THIRD STANDARD PARALLEL SOUTH, A PORTION OF THE LINCOLN NATIONAL FOREST PROPERTY LINES

SITUATED IN T. 15 S., R. 11 E., NEW MEXICO PRINCIPAL MERIDIAN, NEW MEXICO

This plat represents a record of the retracement survey of the Third Standard Parallel South through Section 32, T. 15 S., R. 11 E., which constitutes a portion of the property boundaries of the Lincoln National Forest. The original survey of the Third Standard Parallel South through range 11 east was executed by Hiram C. Fellows, U.S. Deputy Surveyor in January 1867 and is a record of the Bureau of Land Management in Santa Fe, New Mexico.

This retracement survey, monumentation and record thereof is for the purpose of identifying the evidence of the original survey and to locate the property boundary of the Lincoln National Forest. It was made as a result of the request of the Supervisor, Lincoln National Forest, and is intended for his exclusive use.

I certify that this retracement survey, monumentation and record thereof was made by me or my assistants under my supervisory direction and that same is true and correct to the best of my knowledge.

W. E. Roeder, Land Surveyor, Lincoln National Forest,
Alamogordo, New Mexico
R. L. S. No. 4691

Survey Executed By: Juan A. [illegible] Chief of Party
