restrictive covenants shall apply to that portion of said

1. None of said land shall be subdivided into lots, nor shall any dwelling be erected or placed on any lot having a width of less than 60 feet, at the minimum building setback line, or an area of less than 6000 square feet.
2. No lot shall be used except for residential purposes, except as provided in paragraph 15 of these restrictive covenants. No building shall be erected, altered, placed, or permitted to remain on any lot other than one detached single family dwelling not to exceed two stories in height and a private garage for not more than two cars, except that Lots 1 through 7, both inclusive, in Block 8, shown on the plat of the Dale Bellamah Addition filed in the office of the County Clerk, Otero County, New Mexico, may be used for multi-family dwellings.

Furthermore, no existing building shall be altered, remodeled or changed until plans for such change, alterations or remodeling have been approved by the Architectural Control Committee. Approval shall be as provided in Paragraph 9 hereof.

4. No dwelling shall be permitted on any lot at a cost of less than \$8,000.00 based upon cost levels prevailing on the date of these covenants, it being the intention and purpose of the covenant to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date of these covenants at the minimum cost stated herein for the minimum permitted dwelling size. The ground floor area of the main structure, exclusive of one-story open porches and garages, shall be not less than 800 square feet nor less than 750 square feet for a dwelling of more than one story.

No building shall be located nearer than 5 feet to an interior lot line. For the purpose of this covenant, eaves, steps and open porches shall not be considered as a part of a building provided however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot.

6. Easements for installation and maintenance of utilities and drainage facilities are reserved as indicated on the Plat of said Addition.

7. No noxious or offensive activity shall be carried on upon any lot nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

8. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently. All construction shall be completed within six months from date of commencement.

9. The Architectural Control Committee is composed of Dale J. Bellamah, Jeanne L. Bellamah and E. Price Hampson, all of Albuquerque, New Mexico. A majority of the Committee may designate a representative to act for it. In the event of death or resignation of any member of the Committee, the remaining members shall have full authority to designate a successor. Neither the members of the Committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time, the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the Committee or to withdraw from the Committee or restore to it any of its powers and duties.

10. The Committee's approval or disapproval as required in these covenants shall be in writing. In the event the Committee, or its designated representative, fails to approve or disapprove within thirty days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

11. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of 10 years unless an instrument signed by a majority of the then lot owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

12. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

13. Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.
