SMALL TRACTS ACT SURVEY N.M. NO. 63

LOCATED IN LOT 23 OF SECTION 3, T16S, R11E, NMPM
WITHIN THE LINCOLN NATIONAL FOREST

CERTIFICATION

This plat represents a record of the survey and monumentation of Small Tracts Act Survey N.M. No. 63, situated in lot 23 of Section 3, T16S, R11E, NMPM, Otero County, New Mexico.

The original survey of Section 3 was executed by Claton G. Coleman, U.S. Deputy Surveyor in 1895. A dependent resurvey was made in 1937 by Everett H. Kimmell, Donald E. Harding and Glen L. Zophy of the U.S. General Land Office and is a record of the Bureau of Land Management in Santa Fe. A subdivision of Section 3 was made in March 1980 by Burke/Collins/Associates, P.C. of Alamogordo, New Mexico, and revealed an encroachment onto Lincoln National Forest land. The adjacent land owner applied for title to the encroached land under Public Law 97-465 (Small Tracts Act).

I certify that this survey and monumentation was made by me or my assistants under my supervisory direction in April, 1987 and that same is true and correct to the best of my knowledge.
