

PLEASE READ THIS DISCLOSURE
STATEMENT BEFORE YOU SIGN ANY DOCUMENTS OR AGREE
TO ANYTHING

DISCLOSURE STATEMENT

THIS DISCLOSURE STATEMENT IS INTENDED TO PROVIDE YOU WITH ENOUGH INFORMATION TO PERMIT YOU TO MAKE AN INFORMED DECISION ON THE PURCHASE OR LEASE OF PROPERTY DESCRIBED IN THIS STATEMENT. YOU SHOULD READ CAREFULLY ALL OF THE INFORMATION CONTAINED IN THIS STATEMENT BEFORE YOU DECIDE TO BUY OR LEASE THE DESCRIBED PROPERTY. YOU SHOULD BE AWARE OF THE FACT THAT VARIOUS STATE AGENCIES HAVE ISSUED OPINIONS ON BOTH THE SUBDIVISION PROPOSAL AND WHAT IS SAID IN THIS DISCLOSURE STATEMENT ABOUT THE PROPOSAL. THESE OPINIONS, WHETHER FAVORABLE OR UNFAVORABLE, ARE CONTAINED IN THIS DISCLOSURE STATEMENT AND SHOULD ALSO BE READ CAREFULLY.

THE BOARD OF COUNTY COMMISSIONERS HAS EXAMINED THIS DISCLOSURE STATEMENT TO DETERMINE WHETHER THE SUBDIVIDER CAN SATISFY WHAT HE HAS SAID IN THIS DISCLOSURE STATEMENT. HOWEVER, THE BOARD OF COUNTY COMMISSIONERS DOES NOT VOUCH FOR THE ACCURACY OF WHAT IS SAID IN THIS DISCLOSURE STATEMENT. FURTHER, THIS DISCLOSURE STATEMENT IS NOT A RECOMMENDATION OR ENDORSEMENT OF THE SUBDIVISION BY EITHER THE COUNTY OR THE STATE. IT IS INFORMATIVE ONLY.

FINALLY, THE BOARD OF COUNTY COMMISSIONERS RECOMMENDS THAT YOU SEE THE PROPERTY BEFORE BUYING OR LEASING IT. HOWEVER, NEW MEXICO LAW PROVIDES THAT IF YOU DO NOT SEE THE PROPERTY PRIOR TO PURCHASING OR LEASING IT, YOU HAVE SIX MONTHS FROM THE TIME OF PURCHASE OR LEASE TO INSPECT THE PROPERTY. UPON INSPECTING THE PROPERTY, YOU HAVE THREE DAYS FROM THE DATE OF INSPECTION TO RESCIND THE TRANSACTION AND RECEIVE ALL OF YOUR MONEY BACK FROM THE SUBDIVIDER. YOU MUST GIVE THE SUBDIVIDER NOTICE IN WRITING OF YOUR INTENT TO RESCIND WITHIN THREE DAYS OF YOUR INSPECTION OF THE PROPERTY.

1. NAME OF SUBDIVISION
The Ranch
2. NAME AND ADDRESS OF SUBDIVIDER
The Ranch, A Partnership
PO Box 708
Cloudcroft, NM 88317
3. NAME AND ADDRESS OF PERSON IN CHARGE OF SALES OR LEASING IN NEW MEXICO
G. Robert Moser
PO Box 708
Cloudcroft, NM 88317
4. SIZE OF SUBDIVISION BOTH PRESENT AND ANTICIPATED

<u>Present</u>	<u>Anticipated</u>
311.446 acres	311.446 acres
52 parcels	52 parcels
5. SIZE OF LARGEST PARCEL OFFERED FOR SALE OR LEASE WITHIN THE SUBDIVISION
8.492 acres
6. SIZE OF SMALLEST PARCEL OFFERED FOR SALE OR LEASE WITHIN THE SUBDIVISION
5.0 acres
7. PROPOSED RANGE OF SELLING OR LEASING PRICES
Lowest amount: \$4000.00/acre Size of parcel: 8.492 acres
Highest amount: \$6000.00/acre Size of parcel: 5.0 acres
8. FINANCING TERMS
(Interest)
12%
(Time price differential)
(Total Cost - Down Payment) X Simple Interest X Years of Contract

(amount paid as a discount)

None

(service charges)

Standard escrow fee plus tax

(premium for credit life or other insurance if it is a condition for giving credit)

None

(closing costs)

Seller to provide title insurance.

Seller to pay original escrow set-up.

Closing costs to be split evenly between seller and buyer.

(any other information required by the Truth In Lending Act if not set forth above)

None

9. NAME AND ADDRESS OF HOLDER OF LEGAL TITLE

The Ranch, A Partnership

General Partners: G. Robert Moser
Edna Carol Moser
Kenneth E. Rodgers
Phillip O. Rice

10. NAME AND ADDRESS OF PERSON HAVING EQUITABLE TITLE

The Ranch, A Partnership

General Partners: G. Robert Moser
Edna Carol Moser
Kenneth E. Rodgers
Phillip O. Rice

11. CONDITION OF TITLE

(statement of condition of title)

Title is insurable.

(number of mortgages)

One

579-1205

(name of each mortgagee)

Moncor, N A of Ruidoso, NM

(balance owing on each mortgage)

Moncor - \$366,000.00

(summary of release provisions in each mortgage)

Moncor - Cash sales - \$1750.00 per acre release payments plus accrued interest per acre

Contract sales - Down payment net of closing costs and all contract payments

On or about June 15, 1985, the mortgage at Moncor will be assumed by Western Bank of Alamogordo NM in the amount of \$300,000.00. Partial release provisions are as follows:

Cash sales - \$1,000.00 per acre

Contract sales - \$300.00 at closing of escrow

(number of all real estate contracts on the subdivided land for which the subdivider is making payments as a purchaser)

None

(name of each person holding a real estate contract as owner of the subdivided land for which the subdivider is making payments as a purchaser)

None

(statement of any other encumbrances on the land)

None

(statement of any other conditions relevant to the state of the title)

None

12. STATEMENT OF ALL RESTRICTIONS OR RESERVATIONS OF RECORD SUBJECTING THE SUBDIVIDED LAND TO ANY UNUSUAL CONDITIONS AFFECTING ITS USE OR OCCUPANCY

See attached copy of Restrictive Covenants

13. ESCROW AGENT

Alamogordo Abstract and Title
Alamogordo, NM

570 1-208

(statement about whether or not the subdivider has any interest or financial tie with the escrow agent)

None

UTILITIES

(names of entities providing service)

Telephone: Penasco Valley Telephone Co-op, Inc.

Telephone service will not be provided by the developer. All arrangements for telephone service will be between the individual lot owner and the telephone utility company. Installation costs will be affected by number of phones installed, as well as lot location. Therefore, installation costs are indeterminate at this time.

Electrical: Otero County Electrical Coop., Inc.

Due to instability in the energy market, installation rates and monthly charges for kilowatt consumption are subject to variation. Monthly charges will vary according to size of house, number of appliances, and heat loss ratio. Supplier should be contacted regarding current hook-up costs and estimated fees pertaining to proposed dwelling.

Gas: Gas services will not be provided. Each lot owner will have to make arrangements. Rates and charges will vary due to energy markets and individual housing. Contact supplier for further information.

Water: Water will not be furnished. Each lot owner will furnish their own individual water wells. Costs are basically indeterminate, depending on depth actually required, type of casing, size of pump, and type of pressure system. Estimated cost for a completed 375 foot well can be expected to be about \$6600.00, based on 1985 prices. Local well driller should be contacted for cost estimates.

Sewer: The individual lot owner will furnish their own liquid waste disposal systems. Costs are basically indeterminate, based on land slopes and soil conditions. Local contractors should be contacted for cost estimates.

15. INSTALLATION OF UTILITIES

Water - None furnished by the developer.

Electricity - The developer, at developer's cost, will deliver power to the property line, at a point of developer's choice, within one year of closure of escrow on a given parcel.

Gas - None furnished by the developer.

Liquid waste disposal - None furnished by developer.

UTILITY LOCATION

All utilities are to be provided to each parcel in the subdivision (please make that statement here)

Electric power will be provided to each parcel boundary. No gas or telephone service will be provided.

(the following utilities will be located underground)

None

(the following utilities will be located overhead)

Electric

WATER USE

The subdivider will provide no water and will impose no limit on water use. The State Engineer will grant a domestic well permit under Section 72-12-1 (NMSA) for household or other domestic purposes and for the irrigation of not more than 1 acre of noncommercial trees, lawn, or garden. The permit will limit the water diversion to three acre-feet per annum. Contact the State Engineer's office in Roswell, NM for details.

18. AMOUNT OF WATER

N/A

19. WATER DELIVERY

N/A

20. WATER SYSTEM EXTENSION

N/A

LIFE EXPECTANCY OF THE WATER SUPPLY

Life expectancy of a properly drilled well would be more than forty years. The life of any particular well cannot be accurately predicted, nor does this statement constitute a guarantee of water.

22. WELLS

NOTE: Prospective owners must provide their own wells.

570 7228

Information from the State Engineer's Office indicates the minimum depth of water may be as little as 200 feet to a maximum water depth of 630 feet. Estimated average depth is 375 feet. The recommended depth is 70 - 100 feet below static water level.

For domestic purposes, a 3-hp pump set approximately 50 feet below static water level should provide sufficient water for a single family dwelling. The estimated yields of wells completed to recommended depth will exceed 10 gpm.

The formation is comprised of limestone, sandstone, siltstone, dolomite and shale in the upper part, redbeds, limestone, gypsum and dolomite in the lower part.

23. SURFACE WATER

N/A

24. STATE ENGINEER'S OPINION ON WATER

It is the opinion of the State Engineer that the subdivider's water proposals and disclosure statement conform with County Subdivision Regulations.

25. WATER QUALITY

According to the two water sample results submitted with this statement, the water in the area exceeds only the hardness standards for Otero County. Hardness will not be treated. Parcel owners may wish to install water softeners to treat the hardness.

26. ENVIRONMENTAL IMPROVEMENT DIVISION'S OPINION ON WATER QUALITY

It is the opinion of the Environmental Improvement Division that the subdivider meets the requirements of disclosing those water quality parameters that exceed Otero County Subdivision Regulations. These parameters are similar to various other water systems in Otero County.

27. LIQUID WASTE DISPOSAL

The developer will furnish no liquid waste disposal facilities. Individual lot owners will be responsible for providing an EID approved liquid waste disposal system.

28. ENVIRONMENTAL IMPROVEMENT DIVISION'S OPINION ON LIQUID WASTE DISPOSAL

It is the opinion of the Environmental Improvement Division that the subdivider can fulfill his liquid waste proposal.

570 210
SOLID WASTE DISPOSAL

Each tract owner will be responsible for his own solid waste disposal at an approved disposal site. A county operated sanitary landfill is located approximately 4 miles south of Mayhill, NM, in Curtin Canyon. The subdivider has received confirmation from The Collectors of Otero County refuse removal firm, that they will remove solid waste.

ENVIRONMENTAL IMPROVEMENT DIVISION'S OPINION ON SOLID WASTE DISPOSAL

It is the opinion of the Environmental Improvement Division that the subdivider can fulfill his solid waste disposal proposal.

TERRAIN MANAGEMENT

See subdivision engineer's report on terrain management.

NATURAL RESOURCES CONSERVATION DISTRICT'S OPINION ON TERRAIN MANAGEMENT

It is the opinion of the Otero County Soil & Water Conservation District that the subdivider's proposal is in compliance with Otero County Subdivision Regulations.

SUBDIVISION ACCESS

(name of nearest town to subdivision)

Cloudcroft, NM

(distance from town to subdivision)

3 miles

(name of highway or state road over which distance is computed)

US Highway 82

(if access to subdivision is available by conventional vehicle, please state that fact here. If it is not, please state that fact here)

Access to the subdivision is available by conventional vehicle.

(if the property is ordinarily accessible in all seasons and under all weather conditions, please state so. If it is not, please state that fact also)

The property is ordinarily accessible in all seasons, and under all weather conditions, excepting heavy snowfall.

STATE HIGHWAY DEPARTMENT'S OPINION OF ACCESS

No opinion has been received by the State Highway Department.

579 248

DEVELOPMENT

recreation structures, or other community improvements not otherwise set forth in this disclosure statement are planned.

MAINTENANCE

State the owner's maintenance and construction responsibilities.

The roads in the subdivision will remain private. Subdivider will maintain all roads until 75% of the subdivision is sold. At that time road maintenance will be turned over to a landowners association.

RESTRICTIVE COVENANTS

WHEREAS, The Ranch, a partnership consisting of George Robert Moser and Edna Carol Moser, his wife, Kenneth Rodgers a married man and Phillip [redacted] a single man, is the owner of the following described real estate in Otero County, New Mexico to wit:

A tract of land described on Exhibit "A" which exhibit is attached hereto and incorporated herein as if set forth in full, commonly designated as "The Ranch"; and

WHEREAS, said owner named above desires to place certain restrictions in regard to the buildings and improvements thereon and other matters as hereinafter set out upon and against all property in the subdivision as shown in Exhibit "A" attached hereto.

THEREFORE, KNOW ALL MEN BY THESE PRESENTS THAT: The above-named owner hereby declares and agrees with all future purchasers of lots or building sites in the above-named "The Ranch" that the following restrictions apply to all lots or buildings and all conveyances of any lot or lots in the above-named subdivision shall be subject to certain restrictions as follows:

- A. All lots in The Ranch shall be for residential purposes only. No structure shall be erected other than single-family dwellings and reasonable structures to accommodate such dwelling shall be allowed such as storage buildings, pump house, corrals and detached garages.
- B. No structure shall be erected or permitted to remain on any lot nearer than thirty (30) feet to adjacent lot lines or easements. For the purpose of these covenants, eaves, steps and open porches shall be considered as part of the building.
- C. No dwelling shall be permitted on any lot having a ground floor square foot area less than eight hundred (800) square feet of heated living space, excluding porches and garages. No dwelling after completion shall

have a fair market value of less than \$32,000.00, exclusive of land value; provided, however, that said value shall be escalated annually beginning in 1987 based upon the Consumer Price Index of the U.S. Department of Labor --- average, all cities --- using 1985 as the base index;

D. No trailer, mobile home, basement, tent, shack, garage, barn or other out building shall at any time be used as a residence, temporary or permanent, nor shall any residence of a temporary character be erected or permitted to remain, excluding temporary buildings or trailers used during the course of construction. Construction, once commenced, must be completed within one year, and all temporary buildings removed within that one year.

E. No noxious or offensive activity shall be carried on upon any lot; nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

The intent herein includes, but is not limited to, the harboring of any specie(s) of animal or animals in a manner which is offensive to other lot owners through unreasonable noise, vision, smell, damage or annoyance to other lot owners or their property.

No more than one large animal (defined as horse, cow, bull, sheep, goat, swine or similar large animal) per two acres shall be allowed. Such animal shall be fenced to prohibit the animal from being within 30 feet to adjacent lot lines or easements.

F. All systems, facilities and methods for the handling and disposal of refuse and garbage shall be in compliance with state and county health codes and regulations.

G. All chimneys, flues or other vents used in conjunction with open fire heating such as fireplaces, shall be equipped with spark arrestors and comply with state building codes.

H. The burning of brush, trash or other material must be in accordance with the fire regulations of the Lincoln National Forest.

I. The natural terrain and trees are to remain unmolested except where required for construction and access to the property and dwelling. Live trees having a diameter of six inches or more may not be removed except where required for construction and access.

Notwithstanding the above, the owner, until September 1987, shall be permitted to cut, trim or remove such natural terrain, trees or shrubbery as may be required for fire protection and development of easements, roads and improvements related thereto on any portion of the land described on Exhibit "A" that has not been sold.

J. No commercial activity shall be conducted on any lot other than occupations or professions conducted by a member or members of a family residing upon the premises wherein such activities are not a nuisance or annoyance to the neighborhood and provided that no electrical or mechanical equipment, machinery and materials are used in a manner to create a nuisance or disturbance to the neighborhood.

K. Butane tanks and water storage tanks must conform to state and/or county codes and must be discreetly located to minimize or preclude their intrusive characteristics upon the view of other property owners.

L. There shall be no hunting or trapping of any species or class of wildlife indigenous to, or migrating through, the area.

M. No tract shall be divided in parcels of less than two (2) acres in size.

N. No lot owner shall maintain or keep on the premises more than four four-wheel motor vehicles on the premises which are not garaged, and no inoperable equipment or motor vehicle may be kept on said premises unless said motor vehicle or equipment is garaged and out of sight.

10. No signs whatsoever which are visible from neighboring property or subdivision roads shall be erected or maintained on any lot except signs as may be required by legal proceedings; (2) during the time of construction of any residence or other improvement, one job identification sign not larger than three square feet; (3) not more than one "For Sale" sign which shall not be larger than three square feet; and (4) one name and address sign which shall not be larger than three square feet.

The covenants and restrictions are to run with the land and shall be binding on all parties and all persons claiming under them.

If the parties hereto, or any of them, or their heirs or assigns, shall violate or attempt to violate any of the covenants or restrictions contained herein, it shall be lawful for the property owners, their successors or assigns, in said development or subdivision to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant or restriction and either to prevent him or them from so doing or to recover damages or other dues for such violation, including reasonable attorney fees for bringing such action.

Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the provisions which shall remain in full force and effect.

After May 1, 1988, these restrictive covenants may be altered, amended or repealed by a seventy-five percent (75%) vote of the owners of a fee or equitable title, when purchased under a contract, with each owner being entitled to one (1) vote per two (2) acres of land owned. No vote for fractional interest shall accrue. For example, if an owner has one acre, that owner has two (2) votes. For the purpose of determining ownership, such ownership will be deemed to have vested upon delivery of a deed.

579 246

...uted deed or contract to the grantee or vendee. The legal title
...ined by vendor selling on a contract shall not qualify such vendor
...owner. When more than one person holds such ownership in a parcel
... vote for such parcel shall be exercised as they may among themselves
...determine, but in no event shall more than one (1) vote per two (2) acres
... be cast.

IN WITNESS WHEREOF, the said owner has caused this instrument to be
executed this 20th day of MAY, 1985.

EROSION MANAGEMENT PLAN "THE RANCH" SUBDIVISION, OTERO COUNTY, NEW MEXICO

249

The subdivision lies entirely in fairly steep (up to 80%) mountainous terrain. Roads are designed to a maximum grade of 9% and to generally follow existing roads to minimize cut and fill. In most cases the road is following the mountain slope with a cut on the upper side and fill on the lower. The cut slopes will generally be 4:1 when in rocky material and the fill slopes will be 2:1 with a 24" foot graded surface with 6" of base course. Suitable slopes will be seeded and cuts over 12 feet in height will be stepped to minimize erosion. Dikes and culverts will be installed in the interceptor ditch on long grades to control erosion. No grading is to be done except in areas of roads, driveways and homesites. Topsoil should be removed from homesite construction areas and respread over disturbed areas. Lot owners will be held responsible for control of erosion on their property. Driveways are to be constructed and maintained to provide proper drainage and to minimize erosion. A minimum culvert of 18" x 24" size shall be installed at lot owner's expense at all driveways where it is necessary to maintain proper drainage. No structures are to be constructed by lot owners within natural drainage flow areas which might impede or divert natural flow. Any cuts made by lot owner across access roads shall be restored to original condition by lot owner.

All parcels have some slopes in excess of 8%.

Estimated construction schedule is as follows:

- a. Clearing and grubbing began in the summer of 1984 and will be completed by July 1985.
- b. Duration of exposure of disturbed areas will be from May 1985 until October 1985.
- c. During construction of roads and after the fills are compacted into place, fill slopes will be rolled with a dozer and suitable slopes will be seeded. This will occur during the summer of 1985.
- d. Storm drainage culverts will be installed from May to October 1985.
- e. Roads will be installed between May and November 1985.
- f. Roads will be surfaced with base course between July and November 1985.
- g. Above ground electricity will be installed before December 1985.
- h. No recreation structures or other community improvements are being provided.

There are 52 parcels in this subdivision, the smallest of which is 5.00 acres. The subsurface drainage of parcels on steep slopes will be limited. Construction of residential structures can be readily designed to accommodate the slopes, but septic systems may not be allowed on some parcels. Each lot will be considered on its merits, and no other liquid waste disposal system may be used in this subdivision other than those approved by the Environmental Improvement Division. Surface drainage for all parcels is natural runoff. An interceptor ditch is being constructed on the cut side of all roads to properly route runoff to cross culverts.

The following is a tabulation of runoff calculations and opening size based on a 24-hour storm, 4.2" rainfall, Class B Hydrologic Group, 60% cover, CULVERT 55, SDS Manual Chapter 2.

LOCATION	ACRES	RUNOFF (CFS)	SIZE	RUNOFF BEFORE CONSTR. = 340 cfs
	460.0	358.0	100 SF	RUNOFF AFTER CONSTR. = 358 cfs
	9.2	7.5	36"	RUNOFF FROM ABOVE
	31.2	24.0	2-36"	SUBDIVISION = 210 cfs
	3.8	3.0	24"	
	50.0	39.0	2-48"	
	24.0	19.0	2-36"	
	321.0	250.0	65 SF	

STATE OF NEW MEXICO, County of Otero
 I hereby certify that this instrument was filed for record on 15 June 1985 at 1:30 o'clock P.M. and duly recorded in 237-249 of the Records of said county.
Robert M. Curry Deputy Andrew C. Wynham Clerk
