

SURVEY OF THE NORTH LINE OF
LOTS 9 and 10, SECTION 7, T17S, R14E, N.M.P.M.
 A PORTION OF THE LINCOLN NATIONAL FOREST PROPERTY LINE

CERTIFICATION

This plat represents a record of the survey and monumentation of the latitudinal centerline of the NE 1/4 of Section 7, T17S, R14E, N.M.P.M., Otero County, New Mexico, which constitutes a portion of the property boundaries of Lincoln National Forest. The original survey of T17S, R14E was executed by Samuel R. Biggs, U.S. Deputy Surveyor in 1884. A dependent resurvey was made in 1941 by A. Parker Warner of the U. S. General Land Office and is a record of the Bureau of Land Management in Santa Fe. The monuments of the 1941 G.L.O. survey were recovered by me in undisturbed position.

This survey, monumentation, and record thereof was made at the request of the Supervisor, Lincoln National Forest for the purpose of identifying the National Forest Boundary in the NE 1/4 of Section 7 and is intended for his exclusive use.

I certify that this survey, monumentation and record thereof was made by me or my assistants under my supervisory direction in February and March 1987, and that same is true and correct to the best of my knowledge.

Wilfried E. Roeder

Wilfried E. Roeder, Registered Professional Land Surveyor,
 Lincoln National Forest, Alamogordo, New Mexico.

At the point for CN 1/16 corner, set an aluminum post, 2 1/2 in. diam., 30 ins. long, 22 ins. in the ground, with Forest Service cap mkd:

T17S, R14E
 S 7
 CN 1/16
 LS 4691
 1987

from which:

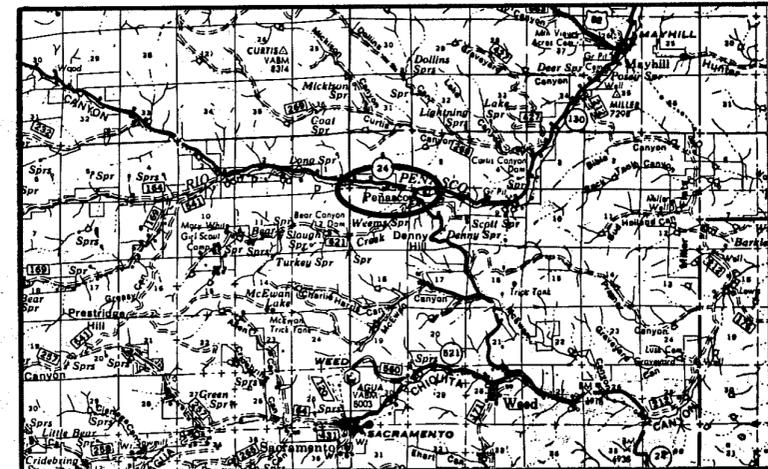

An alligator juniper, 6 ins. diam., bears S 80° E, 19 lks. dist., mkd. XBT. Attach BEARING TREE and LAND SURVEY MONUMENT SIGNS.

A ponderosa pine, 8 ins. diam., bears S 45° E, 30 1/2 lks. dist., mkd. XBT. Attach BEARING TREE SIGN.
